We make a request for our clients to join the immigration NGOs where you can decide work as a volunteer. Any person can volunteer in these organizations, they are set in place to help new immigrants settle abroad at ease. They fully understand all the tools required to help you through the process of settling in Canada. Volunteering helps you to get some recommendation letters showing that you have experience in abroad. They also conduct optional skills advancement training to ensure you have a great foundation in the labor market. They also give you a legal stay in Canada.

NB: you get paid for volunteering, enough money for your (upkeep).

B. EMPLOYMENT AGENCIES WAY – Process takes 6 – 8 Months

SKYFLASH VENTURES has networked with different immigration lawyers and employment agencies to support new immigrants in Toronto and Vancouver.

Under mutual agreement based on trust, our immigration lawyers can receive you from the airport, offer accommodation for some time and prepare you through the work permit documentation and any other legalities, Skyflash Ventures and different employment agencies in Canada with the assistance of our immigration lawyers also came to an agreement that anyone who gets a visa will be fully funded with finances to cater for **FLIGHT, ACCOMMODATION, JOBS and DOCUMENTATION FOR WORK PERMIT.**

The employment agencies will take our clients as their investment and support them aggressively to getting a job in which salary will be paid from the employer to the employment agencies. The client is a responsibility of the employment agencies and they will only take a share of 30% from your salary to clear the balances and give you 70% for a duration that does not exceed 5 months in Canada.

Our customers will have the right to choose from the best available job since the employment agencies serve different production companies, large scale businesses and supermarkets in Canada. You are also advised to apply for open work permit which will allow you to work for different employers hence raising your income.
